UoB Occupational health clearance

Employers page

Whether in the public sector (e.g. NHS) or in private practice may wish to take on an apprentice. There are many areas to consider the below links are in the most helpful order but can be viewed on any order.

Please bear in mind ideally all apprentices should be in post for at least 4 weeks prior to starting the apprenticeship course to allow them to settle into the job role and complete all employer-related training

Occupational health clearance

Offers cannot be made until the candidate has achieved satisfactory Occupational Health clearance
