

Expression of Interest Form

Please enter a short title for your project:

Please provide a summary of your project that includes your research questions, hypotheses, the analytical methods you plan to use and your anticipated outcomes:

Does your proposed project focus on any specific time periods or age groups?

Does your proposed project focus on any specific populations, e.g. one ethnic group or one disease?

Data Requirements

Longitudinal Population Study Data (e.g. questionnaire responses, clinical measures):

Linked Health Data:

Linked Administrative Data (e.g. education, occupation, tax and benefits):

Linked Geospatial Data (e.g. air pollution, green spaces, noise):

Please explain why you require each of the data types you have selected:

Which Longitudinal Population Studies (LPS) are you interested in including in your project?

Do you need to bring any external data into the Trusted Research Environment?

Please describe the datasets:

Expedited Review

Does this project require expedited review e.g. in response to a specific urgent request from the UK Government?

Please provide details:

Commercial Interest

Is there commercial interest in this project?

Please provide details:

Biological Samples

Would you need to contact any of the studies to request to use biological samples?

Please provide details:

Recontact

Would you need to contact any of the studies to contact participants at some point in the research?

Please provide details:

Funding

Are you seeking funding for this project?

Please provide details about the funding scheme and state if you will require a letter of support from UK LLC:

Ethics

Do you already have a Favourable Opinion from a Research Ethics Committee for your project?

Public Good

Please explain how your project will benefit the public:
