

The **Bristol Economic Policy and Behaviour** Workshop

University of Bristol

May 18-19, 2023

CALL FOR PAPERS

The 4th *Bristol Economic Policy and Behaviour Workshop*, organized by the **School of Economics at the University of Bristol**, will take place on the 18th and 19th May 2023 in Bristol (United Kingdom). The workshop provides the opportunity to discuss innovative empirical policy evaluations from different sub-fields of applied microeconomics. A focus is given to understanding the underlying behaviour that causes policy impacts. The workshop provides a forum of exchange between international scholars and policy professionals.

The **keynote speaker is David Huffman**, University of Pittsburgh.

We welcome submissions dealing with empirical policy-relevant research. We value contributions which provide innovative approaches to evaluation, data, and empirical analysis of individual behaviour. Priority will be given to contributions that go beyond showing only policy impacts but also document insights into the behaviours generating the policy effects.

Submission guidelines:

- Complete manuscripts (or extended abstracts) must be submitted [here](#).
- **Submission deadline: 28th February 2023.**
- Authors of accepted manuscripts will be notified by **mid-March 2023**.
- Accommodation will be covered.
- Limited travel funding is available.
