

Publishing a story

Gathering evidence

Making
sense of
information

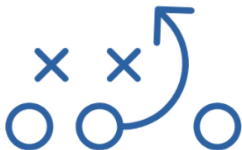

Exploring story leads

Doing
research for
a story

Verifying
information

Finding a
story angle

Finding
sources of
information

Exploring
information
or datasets

Looking for a
newsworthy
story

Writing a
story

Corroborating
facts

Public
opinion

"Google" for
information

Data visualisations

Social media and UGC

Official documents

Notification of updates

Online databases

Trusted
individuals &
organisations

Public data sources

AI could
help me save
time

AI could
help me identify
misleading
information

AI could
help me find
unexpected
information

AI could
help me
organise large
amounts of data

AI could
help me
discover new
story angles

AI could help me
make sense of
complex
information

AI should learn
from my
experiences as a
journalist

I don't
fully get AI

I find the
digital revolution
scary

There is
too much
information
online

AI will replace
journalists

I believe that
algorithms are
biased

Algorithms are
too opaque

It's difficult to
find trustworthy
sources online
