

# LINCOLN INSTITUTE FOR AGRI-FOOD TECHNOLOGY

Invites you to the second

## Knowledge and Innovation Day

3<sup>rd</sup> March 2020: 9.00 for 9.30am start

*“Informed by farmers for farmers”*

**FIELD DEMONSTRATION.** Courtesy of Willie Murdoch, Easton Estates.

**CULTIVATIONS – KEEPING YOUR FARM INPUTS IN THE FIELD & PROFITS IN YOUR £BACK POCKET£**

*Phillip Wright: Renowned award - winning agricultural engineer and agronomist will explain the cultivation field trial.*

**PRESENTATIONS at THE BARN, BUCKMINSTER ESTATE.**

**BLACKGRASS PANEL FOLLOWED BY A Q & A SESSION with experts in their field**

*Sarah Cook: Weed scientist working with ADAS, with expertise in herbicide resistance and IPM.*

*Stephen Moss: Previously at Rothamsted, now a consultant with 40 years in blackgrass research*

*Paul Drinkwater: Cambridgeshire grower: Paul’s challenges with black grass and his move from chemistry to cultural methods*

*Shaun Coutts: Weed ecologist with the University; experienced in weed control, herbicide resistance and implications for blackgrass control.*

**ENVIRONMENTAL LAND MANAGEMENT SCHEMES ~ Simon Fisher: Environment advisor, NFU.**

After a **FREE LUNCH**, the formal part of the meeting ends, after which attendees are welcome to stay and spend time with the speakers discussing blackgrass and cultivations.

**NRoSo AND BASIS POINTS AVAILABLE**

**REFRESHMENTS AND LUNCH PROVIDED FREE**
