Website

I am an experienced media developer, multimedia artist, and journalist with an expansive skill set that encompasses film, photography, graphic design, web design and copy writing. I have previously worked in both a corporate capacity for the University of Lincoln, as well as for private clients.

I have experience with the full range of Adobe Creative Cloud, as well as Wordpress, Office 365, and social media. As well as hardware including professional SLR cameras, 360 cameras, audio recording equipment, and autocues.
