 - Areas for development

Digital literacies and work placements

1. Digital opportunities for students

- What opportunities (implicit or explicit) do you currently offer students within your School to develop their digital literacies?
 - Implicit or explicit opportunities
 - Embedded or extra-curricular
- What mechanisms are in place to monitor and/or assess students' skills development?

2. Digital opportunities for students

- Where do you see further opportunities within your School to support students' development of digital skills and digital literacies?
- What do you need in order to be able to support students effectively? Where are the gaps?
 - Infrastructure
 - Training
 - Resources
 - Contacts
