How to make My Cress Head

You will need:

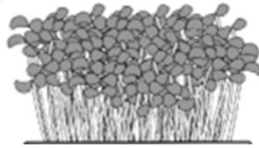

An egg shell or yogurt pot
Cotton wool
Water
Cress seeds
Googly eyes
Pen
Glue

1. Stick googly eyes onto your pot or draw with a pen.
2. Fill your empty yoghurt pot or egg shell with cotton wool.
3. Leave some space at the top so the seeds don't fall out.
4. Pour in a little water until the cotton wool is damp but not soaked with water.
5. Sprinkle the cress seeds over the cotton wool.
6. Leave your cress head in a warm, sunny position and wait for the hair to grow. If you're using an empty egg shell then the egg box is an ideal stand.

My Cress Head
