***** Important changes to ordering school uniform *****

Due to rising manufacturing costs, it has been necessary for us to make some changes to the way we order school uniform. We have been very lucky over the past few years to have not been affected by price hikes. Going forward, to keep prices as low as possible, we have changed our supplier but unfortunately there will be a slight price increase with immediate effect. This is out with our control.

With these changes in mind, we thought we would use this opportunity to change the way you order your school uniform. We will now be using a company called Border Embroidery. They have added our uniform to their website:

www.beschoolwear.co.uk

Here you can browse the different options on offer and order directly from the website. You can use a variety of payment methods and you will enjoy the added bonus of having it delivered directly to your home for free within a week! (Some prices may be a little higher on the website).

We do understand however that this may not suit everyone. Please be assured that you can still order your school uniform from the school office. Please be aware that payment will be required at time of ordering. (Please note that delivery could take considerably longer than ordering directly from the website). You can view the new prices/order form for ordering via the school office overleaf.

However, we do intend to run our stocks down and when it's gone we will no longer hold a stock here at the school. The stock that we currently hold will now be offered at a slightly reduced rate as follows:

Sweatshirts - £6
Polo-shirts - £5

Cardigans - £8
Gym T-Shirts - £3

These will be sold on a first come, first served basis and of course will be subject to availability.

NB We will continue to hold a "sample" stock for you to check sizes etc.

Please do not hesitate to contact Mrs Wynne in the school office if you have any questions related to ordering school uniform.

Yours faithfully
Julie Binnie
