

**Day 1**

**Literacy:**

Choose a story or magazine to look through with an adult. Can you spot any of the sounds from your name? Practise making marks on paper.

**Numeracy:**

Sorting and matching: Can you sort and match all the clean socks? Or sort the cutlery in the cutlery drawer? You could try sorting them by different criteria e.g. big and small, colours, shapes, patterns.

**Health and Wellbeing:**

Go out into the garden or go outside with an adult and play your favourite game or play with your favourite outdoor toy.

**Skill:** This morning try to make your bed!

## Day 2

### Literacy:

Watch this video clip all about rhyming.

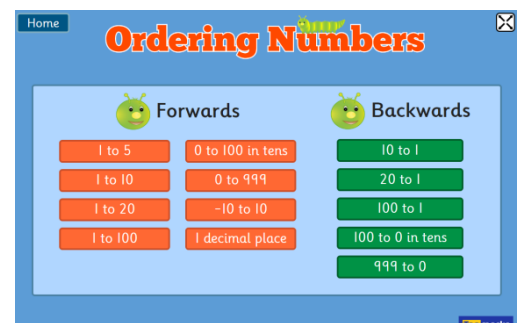

<https://www.bbc.co.uk/bitesize/topics/zkvmjvhv/articles/zfypxyc>

Sing some nursery rhymes or read some rhyming stories with an adult. Can you think of any rhyming words?

### Numeracy:

Go onto Top Marks website and browse subject by age, select early years. An adult can help you to find a numeracy game that will be fun for you.

### Health and Wellbeing:

This link takes you to some of our favourite action songs that we enjoy at nursery. Show your family how to do all the actions and encourage them to join in.

<https://www.youtube.com/watch?v=gE7zCfxJ7bE>

**Skill:** Today try to tidy your bedroom!

## Day 3

**Literacy:** Choose your favourite toy or story and talk about what you like about it with an adult.

Can you make up a new story?

## **Numeracy:**

Practise using your fingers for counting. Can you use your fingers to represent numbers within rhymes or songs such as 5 little ducks or 5 men in a flying saucer? Can you think of any other counting songs? Youtube has lots!

## **Health and Wellbeing:**

Try this yoga clip all about

The Three Little Pigs!

Yoga is important for relaxation and calm.

<https://www.youtube.com/watch?v=Nac95KdNaZ0>

**Skill:** Help set the table for lunch or dinner.

## Day 4 Literacy:

What can you see in this picture?  
What is your favourite thing to do  
at the park? Why? Parents can

ask "I wonder" questions to develop your imagination and problem solving. "I wonder what would happen if..." and think up different scenarios for you to ponder.

## Numeracy:

Can you divide a whole object into smaller parts? You could do this with food such as pizza, fruit or vegetables. You could also try sharing your divided items between family members.

## Health and Wellbeing:

Think about who is important to you. You could draw or make something for someone you love, share some hugs with family members or phone up family or friends for a chat.

**Skill:** Choose your clothes and get dressed by yourself!
