

Identity School Bag

Learning Intention:

Create an 'Identity School Bag' which tells a visual story about you.

Success Criteria:

- I can draw a self-portrait to show my teacher what I look like.
- I can draw a variety of images, words and doodles which represent me.
- I can add colour or black/white pattern to make my bag bold and eye catching.

Things to consider....

- The template below can be printed/copied onto paper or you can draw your own style of school bag.
- The template shows an example of a layout, however you can alter this if you want.
- You could include drawings which represent your hobbies, interests and likes. Maybe you have a pet, favourite song or favourite subject at school.
- Colour can be added using any material you have e.g. coloured pencil, pen, paint etc.
- If you don't have coloured materials, you can block in areas using tonal pencil or black pen.
