Dear Parent/Carer

Transition to Primary One

We are delighted to welcome you and your child to Tynewater Primary School!

Starting Primary One is a very exciting and important time in a child's life and it is important that we work together to support your child to have a successful transition into our school.

We will be in touch in the coming days with more detailed transition arrangements. We have a number of feeder settings this year and we are committed to ensuring equity of experience for all. Please be assured that we will be in discussion with all our feeder settings to ensure appropriate transfer of information. Some children require an enhanced transition and this will be discussed with ELC settings, parents/carers and multi-agency teams as appropriate. So whether your child is in Tynewater Primary ELC or another setting, they will have the opportunity to participate in all of our transition events and we are delighted that our main transition visits will be able to take place in person this year.

We will be holding an in person information session on Wednesday 1 June at 6pm so you can hear more about life in Primary One at Tynewater Primary School, those first few weeks in particular and how you can support your child at this time. You will also meet members of our Senior Management Team and the Primary 1 Teacher for next year, Mrs Kirsten Emslie.

Kind Regards,

Clare McCallum
