

Literacy

We will continue to work on our reading skills using decoding strategies and context clues.

Spelling words will be sent home weekly which are linked to our spelling pattern.

We will be working on our writing skills through personal and imaginative writing.

How can you help?

Share a book with your child and encourage them to read along with you and talk about the story.

Practise your spelling words at home, a list of suggested activities can be found on SeeSaw.

Class Information

Mrs Clarke will be teaching on a Monday and Tuesday and Mrs McEwan will be teaching the rest of the week.

P. E will be on a Tuesday and Wednesday. Please remember your PE kit.

Library time is in on a Monday

Please remember your ipad and charger every day

Health & Wellbeing

This term we will be continuing to look at the zones of regulation.

Rights Respecting Schools: Each week at Assembly we will discuss the article of the week, this will be then be looked at in further detail in class.

Our Building Resilience assembly focus is Take a Moment.

P.E- we will be looking at balance and coordination and the different ways that we can move our bodies.

How can you help?

Help your child to recognise and label their emotions. Discuss strategies that help them to regulate.

Ask your child about the different zones and what they mean.

Make time to 'Take a Moment' and share a photo on Seesaw of your child doing some Take a Moment activities.

Numeracy and Mathematics

In maths we will be looking at 2D and 3D shapes discussing edges, faces and corners. In numeracy, we will continue to develop our number knowledge focussing on the place value of digits and developing strategies for addition and subtraction.

How can you help?

Point out 2D and 3D shapes in the natural environment and name them.

Play games which involve counting spaces, calculating scores e.g. board games.

Counting forwards to 100 and backwards from 50

Primary 2

Topic

Our topic this term is 'Under the Sea'. Through the context of life under the sea, we will explore respect for self, others, places and things, through themes of friendship, biodiversity and sustainability. We will use stories and role-playing to inform learning and act as stimuli for curiosity and creativity. Subject areas to be explored as part of this topic will include social studies, science and emotional health and wellbeing.

How can you help?

- Using examples from your family life, discuss with your child ways you look after yourselves and your home.

For additional learning activities where your child/ren requires extra support ask their teacher.
