Since its opening local and foreign people come here to enjoy the beautiful city of Aarhus.

Live DJ

Every friday nights people can enjoy live DJ.

Food and drinks

There is a beautiful and very delicious restaurant on the top. My recommendation is to try their fantastic burger with lots of drinks on offer.

The views

On the top of the building you can see the whole city of Aarhus from the main city centre to the harbour. The best time to go there is in the evening where there is a beautiful sunset over the city.
